

Call for Applicants:

FIWMD Part-Time (available now) & Seasonal (summer 2025) Station Attendants

Summary

Fishers Island Waste Management District (FIWMD) is looking for help immediately and this summer at the Compost and Transfer Stations. You will perform a range of light and heavy manual tasks in pursuit of our mission to divert ever-increasing materials from the waste stream and build the circular economy. Help us create a more sustainable and efficient waste management operation that other communities will want to emulate.

Qualifications and Skills

Conscientious and friendly with customers and fellow team members, excellent time management, adaptability, and willingness to take initiative. Ability to maintain daily logs, including in a digital format. A driver's license and machine operation skills are a plus.

Time Commitment

Hours and schedule TBD

Compensation and Terms

Starting at \$22/hour
